

# HILAL AYAZ

## FRONTEND DEVELOPER

Pakistan | +92-310-9150950 | hilaalbusiness@outlook.com | <https://hilalayaz-webdev.netlify.app>

### SUMMARY

Frontend Developer skilled in React.js, Next.js, JavaScript, and CSS. Experienced in building responsive UIs, optimizing performance, and adding animations (GSAP, Framer Motion). Familiar with backend integration using Node.js and Express.js. Quick learner with strong problem-solving skills and expertise in Git & GitHub. Passionate about creating user-friendly, optimized interfaces.

### TECHNICAL SKILLS

Frontend Development	Backend Development	Quick Learner
State Management	API Development & Integration	Time Management
UI Animations	Version Control	Critical Thinking
CSS and Libraries	Problem-Solving & Debugging	Teamwork

### PROFESSIONAL EXPERIENCE

#### MBB Design Engineer, NetKom Technologies

June 2024 - March 2025

- TSSR Creation & RF Reviews: Developed TSSRs for multiple Huawei projects, ensuring compliance with standards and conducting RF reviews to maintain quality benchmarks.
- Project Management & Team Mentorship: Oversaw three projects simultaneously, ensuring efficient RF review processes, and trained two colleagues to enhance team performance.
- Technical Expertise & AutoCAD Usage: Utilized AutoCAD for site layout designs while demonstrating strong problem-solving, time management, and project coordination skills.

### EDUCATION

#### Bachelors of Science in Computer Science

Aug 2018 - Aug 2023

Sarhad University of Information Technology, Peshawar

- Gained a strong foundation in programming, data structures, algorithms, and software development.
- Web & Software Development
- Problem-Solving & Research Skills

### PROJECTS

#### Personal Portfolio

- Portfolio app crafted with React.js, showcasing technical proficiency and creativity.
- Utilizes CSS for styling and Framer Motion for smooth animations, enhancing user engagement.
- Dynamically fetches and displays data, providing an interactive and personalized experience.

#### Weather Forecasting App

- Next.js and TypeScript powered weather forecasting app for real-time updates and forecasts.
- Offers interactive maps and detailed weather information for global locations.
- Seamlessly provides users with accurate weather data and forecasts.

### CERTIFICATIONS

#### Professional Certificate: MERN Stack Developer

May 2023

#### Professional Certificate: Meta Front-End Developer

June 2023

#### Critical Thinking and Problem Solving

May 2023
