SUMMARY

Junior Web Developer with experience building 10+ responsive web applications . Skilled in React.js, Next.js, and Tailwind CSS, with practical use of Framer Motion and GSAP for UI animations. Certified in MERN Stack and Meta Front-End Development. Strong grasp of APIs, modern UI/UX, and collaborative development.

EXPERIENCE

Freelancer

Fiverr August 2021 - December 2022

- Taught JavaScript to 10+ students, covering fundamentals to advanced topics.
- Created learning materials to help reinforce JavaScript concepts.
- Assisted beginners with coding challenges and project guidance.

Visiting Lecturer

Ilham Technical College May 2023 - June 2024

- Taught basic Web Development (HTML, CSS, JS) and Graphic Designing to DIT students.
- Guided 10+ students through hands-on practice and assignments.
- Created beginner-friendly materials for easy learning.

PROJECT

Portfolio Website

hilalayaz-webdev.netlify.app

- Portfolio built with React.js and styled using CSS and Framer Motion, showcasing dynamic content, portfolio sections, and smooth animations to highlight skills and projects.

Weather Forecasting App

weather-app-devdesigner.netlify.app/
Developed a weather forecasting application utilizing Next.js and the OpenWeather API, delivering accurate predictions with a 95% reliability rate, and enhanced user engagement with a sleek, adaptive design.

Tea House UI/UX

chaipeelo-devdesigner.netlify.app/
Engineered a responsive tea house website using React.js and Tailwindcss, enhancing user accessibility and enabling seamless browsing, booking, and reservation capabilities across all devices.

EDUCATION

Bachelor's in Computer Science

Minor in Database • Sarhad University of Information Technology • Peshawar • 2023

- Developed a Final Year Project: Oracle and SQL-based database management system for a medicine shop.

Pre-Engineering

Peshawar Model Degree College • Mardan • 2018

- Received Certificate of Participation in Web Development Competition at City University Peshawar.

CERTIFICATIONS

MERN Stack Developer

NexusBerry Institute • 2023

- Validated full-stack skills in MongoDB, Express.js, React.js, and Node.js

META Front-end Developer

Coursera • 2023

- Gained expertise in HTML, CSS, JavaScript, React, and UI design principles
