EXPERTISE

- **Web Development:** JavaScript, React.js, Nodejs, Expressjs, HTML/CSS
- **RestAPI :** Node, Express
- **Data Analysis:** Python.
- **Version control:** Git
- **Problem Solving:** Logical and analytical approach.
- **Project Management:** Planning, organizing, and executing projects.
- **Database Management:** MySQL, MongoDB
- **Artificial Intelligence:** AI concepts and techniques.
- **Testing and Debugging:** Jest, bug identification and resolution.

PROJECTS:

- **Food Delivery App:** MERN Stack
- **Quiz App:** MERN Stack
- **POS App:** ReactJS
- **Note-Taking App:** ReactJS
- **Portfolio:** HTML/Tailwindcss
- **Weather App:** ReactJS
- **Landing Page:** ReactJS
- **Rock-Paper-Scissor:** HTML/CSS
- **Hangman:** ReactTS
- **Random Quote Gen:** ReactJS
- **Currency Converter:** ReactJS
- **Fitness Quiz:** ReactJS

PROGRAMMING LANGUAGES

JavaScript
Python
HTML

SUMMARY

As a web developer, my expertise lies in deciphering intricate codes and translating creative visions into sophisticated websites with elegant designs. I strive to remain at the forefront of technological advancements to deliver cutting-edge solutions. Let's collaborate to actualize your vision with flair and finesse!

EXPERIENCE

Data Science and Business Analytics

The Sparks Foundation · Internship

June 2023

- Gained practical experience in data analysis, statistics, and business analytics.
- Enhanced skills in data cleaning, visualization, and statistical analysis.

EDUCATION

Bachelor's in Computer Science

Sarhad University of Science and Information Technology, Peshawar

Courses:

2018-2023

- Programming Fundamentals
- Object Oriented Programming
- OOP Using JAVA
- Software Engineering and CASE Tools
- Visual/.Net Programming
- Web Programming
- Database Programming
- Distributed Databases
- Java Internet Programming
- Mobile Application Development for Android
- Artificial Intelligence
- Software Project Management

Project:

- Pharmacy Management System in Oracle Database

FSC Pre-Engineering

Peshawar Model Degree College, Mardan

2016-2018

Matriculation

Peshawar Model School, Mardan

2014-2016

PROFESSIONAL CERTIFICATES

MERN Stack Developer

Aug 2023

Nexusberry Institute

- Seamless integration and communication between client (React.js) and server (Node.js/Express).
- Efficient data management with MongoDB, including schema design and CRUD operations.
- Proficient in Git for collaborative coding and project version control.
- Skilled in issue identification and resolution in MERN stack applications, optimizing performance through effective debugging.

Meta Front-End Developer

June 2023

Coursera

Courses:

- Introduction to Front-End Development
- JavaScript Programming
- Version Control
- Comprehensive Study of HTML and CSS
- Fundamentals of React
- Advanced React Techniques
- Fundamentals of UX/UI Design

HILAL AYAZ

JUNIOR WEB DEVELOPER

HARD SKILLS

- JavaScript
- HTML5
- CSS
- Python
- React.js
- MongoDB
- Express.js
- Node.js
- Version Control (Git)
- Github
- Bootstrap
- TailwindCSS
- SQL

SOFT SKILLS

- Critical Thinking
- Problem Solving
- Communication
- Teamwork
- Leadership
- Time Management
- Adaptability
- Analytical Skills
- Attention to Detail
- Strong Work Ethic

CERTIFICATIONS

- Machine Learning with Python: Foundations (LinkedIn Learn, May 2023)
- AI for Everyone (Coursera, May 2023)
- Critical Thinking and Problem Solving (LinkedIn Learn, Jun 2023)
- Developing Back-End Apps with Node.js and Express (Coursera, Oct 2023)
- Hands-on Introduction: React (LinkedIn Learn, Jun 2023)
- Node.js Essential Training (LinkedIn Learn, Jun 2023)
- Introduction to MongoDB (Coursera, Oct 2023)
- Intro to Prompt Engineering for Generative AI (LinkedIn Learn, May 2023)
- Introduction to NumPy (Simplilearn, Feb 2023)
- Business Analytics with Excel (Simplilearn, Jan 2023)
- Data Science with Python (Simplilearn, Jan 2023)
- Introduction to Data Analytics (Simplilearn, Jan 2023)
- Programming with Python 3.X (Simplilearn, Jan 2023)
- Crash Course on Python (Coursera, Jun 2023)
